# HEALING TREE

Above you rests a Healing Tree,  
with branches to the sky.  
Its roots planted deeply  
connecting you and I.  
Its shape, its trunk, its stature,  
represent your life.

The trials and tribulations,  
the joys, the tears, the strife.  
From the Healing Tree I shall take  
a ring shaped like a dove  
A ring to hold precious memories  
of your forgotten love.

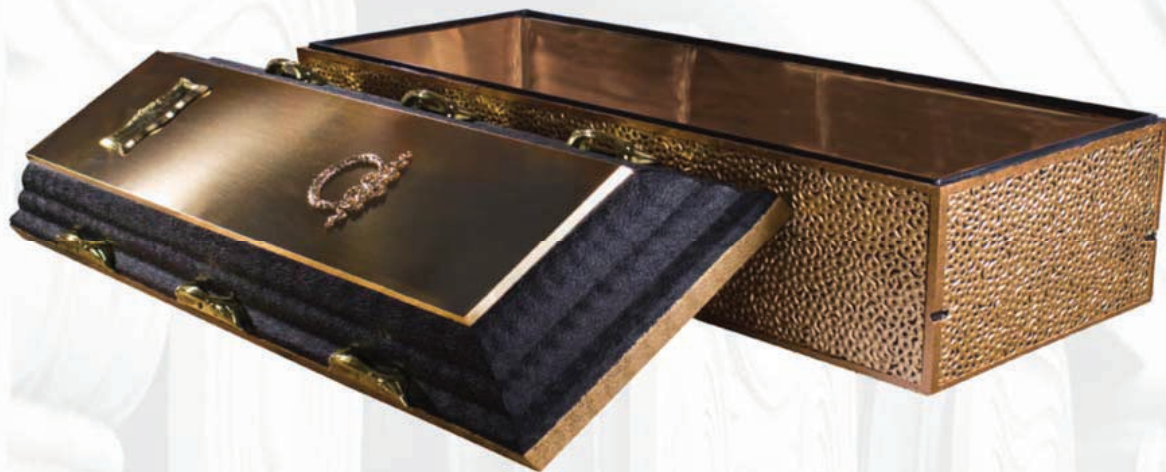

*The Healing Tree is part of a celebration of life package that allows families to participate in an interactive ceremony at the gravesite. Designed for the Aegean white marble vault cover, the Healing Tree has twenty dove-shaped memory rings placed on top of the vault. The family can say their goodbyes as they take a memory ring as a keepsake. The Healing Tree ceremony provides closure and creates new memories that are forever etched into a families hearts.*
